

THIS SOUND
CHANGES
EVERYTHING

WIDEX MOMENT™

THIS SOUND CHANGES EVERYTHING

HEARING LIKE YOU REMEMBER

Even a great hearing aid has always sounded like a hearing aid – until now. The revolutionary WIDEX **MOMENT™** changes the game to deliver the most pure, natural sound ever.

Typically, sound processed in a hearing aid reaches the eardrum later than sound heard directly. And when these two ‘out of sync’ signals mix, you get an artificial sound. But now with WIDEX **MOMENT™** you can hear every moment like you used to.

PEOPLE
LOVE THE
SOUND

Are you tired of hearing aid 'revolutions' that no one can actually hear? We are. That's why WIDEX **MOMENT™** makes a real difference to your hearing in real life.

Tests show that a large majority of both new and experienced users prefer the Widex **PureSound™** program in WIDEX **MOMENT™** across different sound scenarios. Add this to the ability to effortlessly personalise your sound, and you have a hearing aid that will give you pure and natural sound like you've never heard before.

STREAM FROM **ALL YOUR DEVICES**

We've upgraded the 2.4 GHz Bluetooth connectivity in WIDEX **MOMENT™** so that you can now stream from iOS, WIDEX **TV PLAY™*** and other **DEX** accessories, plus future connections with Android devices. So, now you're prepared for all the streaming entertainment the world has to offer in the highest quality possible.

* Available with WIDEX MOMENT™ compatibility late 2020.

BUILT TO LAST

WIDEX **MOMENT™** is designed for maximum moisture resistance and long life – since less corrosion means more durability.

You'll welcome advanced water-resistant nano coating to resist moisture. When there's no battery door, there are also fewer gaps for moisture to sneak into.

LAST

RECHARGEABILITY IS NOW **DISCREET**

Convenience is discreet with WIDEX **MOMENT™**. Although the mRIC R D model is the market's smallest rechargeable receiver-in-canal hearing aid, you can rest easy knowing you'll have all the power you need to hear every moment.

No struggling with hearing aid batteries. Just a slim, simple charger that fits your life.

FINGERTIP CONTROL OF YOUR HEARING

With WIDEX **MOMENT™**, you have the option to fully control your hearing aid using the WIDEX **MOMENT™** app on your Apple or Android smartphone*. It's never been easier to fine-tune your hearing, so you get exactly the sound you prefer - in exactly the moments that are important to you.

WIDEX MOMENT™ App

Rigorous testing has verified that the app is easy and intuitive. And a 'dark mode' ensures discreet use.

* The WIDEX MOMENT™ app works with the following WIDEX MOMENT™ models: mRIC R D (MRR2D) and RIC 312 D (MRB2D). All other models use the WIDEX TONELINK™ app for control of key functions.
